

[THB-App]: Library Module

Table of content

<i>Find the library module</i>	2
My Studies	2
Add module to the shortcut bar	3
<i>Log in to the module</i>	4

Find the library module

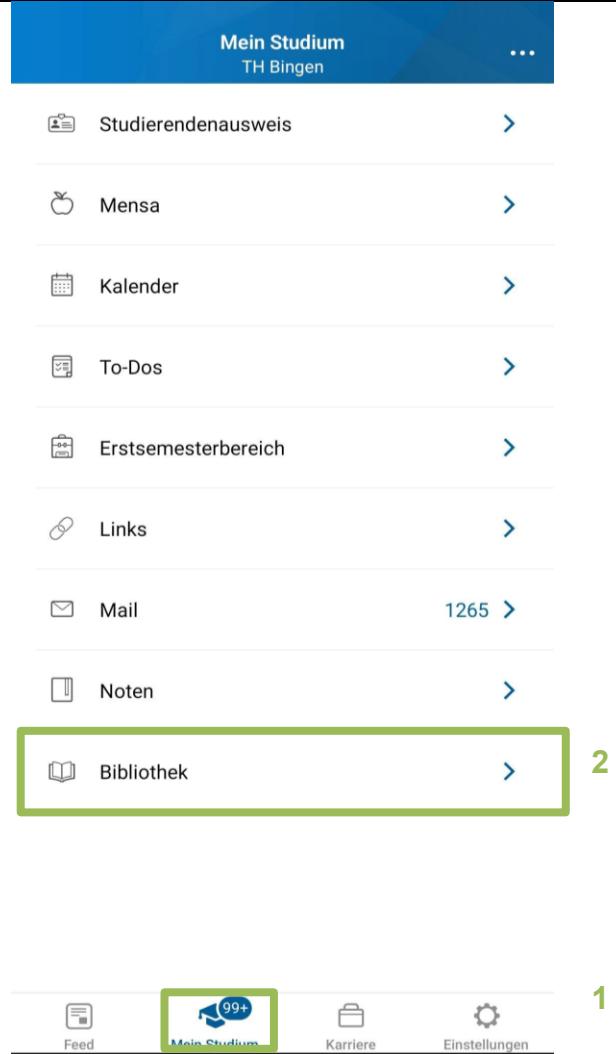

You can access the library module from two places. Via

1. my studies
2. the shortcut bar

My Studies

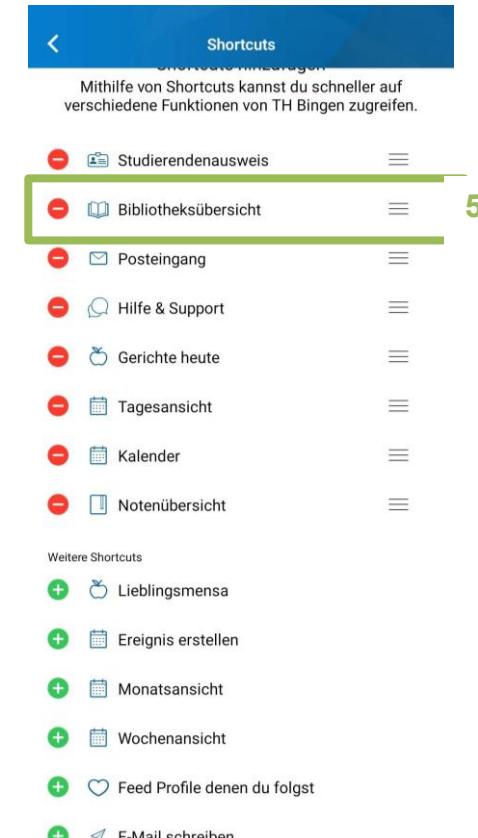

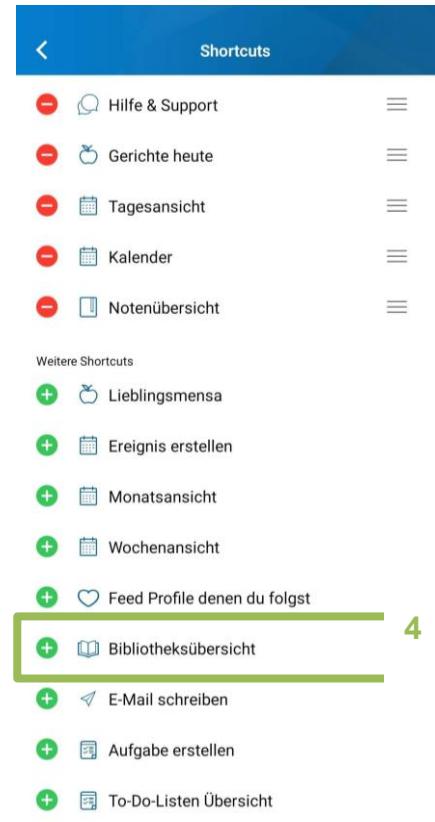

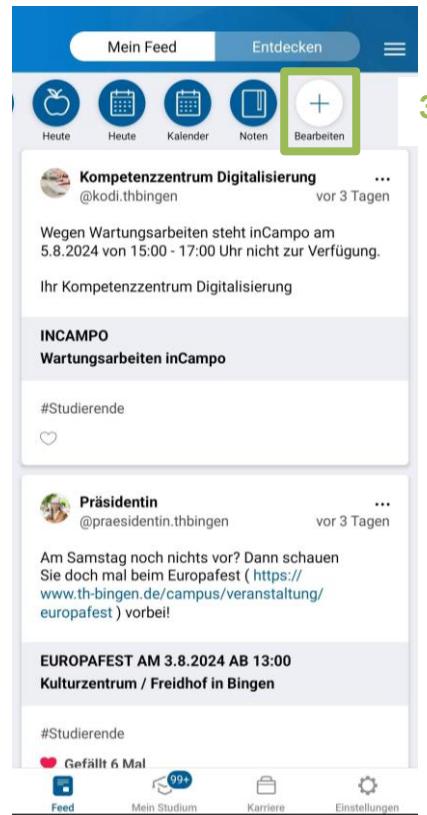

1. In the THB app, click on "My studies" in the bar at the bottom of the screen.
2. select the entry "Library".

OR

Add module to the shortcut bar

3. navigate to the end of the shortcut bar and click on the "Edit" symbol (+)
4. in the upper area are the existing shortcuts, in the lower area those that can still be added.
5. Click on the green + sign next to "Library overview".
6. the library overview is now added to the shortcut bar. You can change the order of the shortcuts using the three dashes.

Log in to the module

After clicking on the module, you will be shown a login page.

1. enter here
 - a. Your library card number
 - b. Your library system password
(your date of birth DDMMYY is set here by default)
2. check the box next to the declaration of consent.

Then click on “Login”.

The image consists of two side-by-side screenshots of a web-based library login interface for TH Bingen. Both screenshots feature a blue header bar with the text "Bibliothek Anmeldung" and a magnifying glass icon. Below the header is the TH Bingen logo and the text "University of Applied Sciences".

Screenshot 1a: This screenshot shows the login form. It includes fields for "Bibliotheks-Account" (with sub-fields "Nummer" and "Passwort"), both of which are highlighted with a green rectangular border. Below the form is a declaration of consent section with a radio button and the text: "Ich habe die **Einwilligungserklärung** gelesen und stimme dieser zu." A large blue "Anmeldung" button is at the bottom, also highlighted with a green border.

Screenshot 1b: This screenshot shows the same login form but with different input values. The "Nummer" field contains the value "332716" and the "Passwort" field contains the value ".....". The rest of the interface is identical to screenshot 1a.

Screenshot 2: This screenshot shows the declaration of consent section after the user has checked the radio button. The text now reads: "Ich habe die **Einwilligungserklärung** gelesen und stimme dieser zu." The "Anmeldung" button at the bottom is also highlighted with a green border.

3. click on "Accept" in the following window.

You will now see the media you have borrowed media you have borrowed and the respective loan period end date.

The image consists of two side-by-side screenshots of a mobile application interface, likely for a library system.

Left Screenshot: This screenshot shows a permission dialog. At the top, it says "Bibliothek Berechtigungen". Below that is the TH Bingen logo. It asks for permissions: "Dieses Modul benötigt die folgenden Rechte." It lists two permissions: "Bücher laden" (with a download icon) and "Bücher verlängern" (with a circular arrow icon). It also states: "Diese Daten werden ausschließlich lokal auf deinem Handy gespeichert." At the bottom is a blue button labeled "Akzeptieren" (Accept), which is highlighted with a green rectangular border. A small number "3" is positioned to the right of the button.

Right Screenshot: This screenshot shows a list of borrowed books under the heading "Geliehene Bücher". It includes a book titled "Pflanzenschutzmittel-Verzeichnis, 2" with a due date of "Leihfristende 22.08.2024". Another book, "C fuer PCs: die detaillierte Beschreibung der Programmiersprache", has a due date of "Leihfristende 28.08.2024". The top of this screen shows "Bibliothek Übersicht".

Detailed view of the media & renewing

1. click on a medium to go to the detailed view.

Here you can see, among other things, whether the book has been reserved by other users. If this is not the case and you need the medium for longer, you can renew it via the app.

2. click on "Renew" to do this.

If nothing stands in the way of an extension, "**Successful!**" appears in the button afterwards.

If you cannot extend the medium, the button will display the message "**Not successful!**".

Zuletzt aktualisiert: 05.08.2024, 12:11

!!!
Verlängerungen sind nur möglich, wenn es keine Vormerkungen gibt und die Leihfrist nicht überzogen wurde.
